Instructions
THE PLANE
-- Flip the paper over so that the printed fold lines are facing down.
-- Fold the corners up along the outside fold lines and crease down. Repeat for the next set of folds.
-- Fold the nose back, as shown.
-- Fold up along the center line so the lines and graphics are on the outside.
-- Finally fold down each wing and fold up the corner flaps.
-- Throw briskly and slightly angled up.
THE ADJUSTABLE FLAPS
-- Cut on sides.
-- Fold up to make the plane rise...fold down to make the plane drop.

Note: When printing on printers that require a large bottom margin, the adjustable flaps may not print.
THE STICK-UP TAIL
-- Bring the two angled fold lines together.
-- Crease along the top.
